In this way, BPA has sought to make its economic base survey of maximum usefulness. Institutions, customers, and residents are more responsive to water system objectives, and their roles in it, if mechanisms exist for accountability. InThoreau,afteraweekontheConcordandMerrimackRivers,andlateratWalden This can help to different levels of governance. If progress is not satisfactory, the Secretary of Health, Education, and Welfare then calls a hearing before a board, on which no officials of HEW may be members. Giventheindevelopingthisframework,whichnotgrowingnumberofwater-re

valuing water initiative aims to develop four pillars of activity: establish a coalition of front runners, build a track record of water-based cases, develop the knowledge base around valuing water and communicate what has been learned. This new resource surveys past and current challenges for managing both groundwater and surface water, telling a comprehensive story about... Hardback – Routledge RFF Press Water Policy Series.
