Nabokov and the Puzzle of Exile. The South, more than perhaps any other region in the United States, had a great diversity of cultures and situations. In a very general sense, the rural South fell under a two-class system in which a landowning elite controlled the politics and most of the capital, and a

working poor survived on subsistence farming or basic, unskilled labor funded by the elite. Tauris, In the 21st century, America rules alone, struggling to manage the insurgent zones -- Palestine and the northwest frontier of Pakistan, to name but two -- that have proved to be the nemeses of empires past. I don't think he's dishonest --the things he reports on, for the most part, are certainly bleak.
