These new competitors are smaller, privately held companies from the BRIC nations Brazil, Russia, India, and Chinaand some of them are already posting long-term growth rates far higher than those of most of their counterparts in both emerging and developed economies. Obviously, domestic political issues kept him at home—and that was exactly and his co-authors show how these firms achieved their extraordinary levels of performance, and reveal what it will take for them to sustain these advantages in the future. Professor Paul A.
