We have to understand that companies are communities and we have to operate for the betterment of communities. This was the biggest motivating factor in becoming an entrepreneur. Anderson, J.

Additional extra-financial information to the registration document. In the pilot project was launched in Thailand. All social innovators need to invest in critical building blocks for success – rooted in sound management principles: clear missions, visions, and values. An additional programme is offered in collaboration with the Technology Museum in Berlin, where year-olds learn about electric drive systems, environmentally-friendly power generation and connectivity in an urban setting.

I give examples in the book of companies that were not genuine and holistic, and can structure and encourage CSR as a supplement to conventional approaches, and organizations like the ISO can play an important role as a bridge between laws, intergovernmental instruments, community expectations for substantive obligations, and reporting standards.
